

Diagnostic Keys to the Subconscious

8 Week Mind-Body Medicine Course

- **Deepen** your understanding of human behaviour in this insightful course exploring the inner workings of your mind and discover how to **be your own life solution**.
- **Identify** the patterns of thinking that bring health and happiness to your life and relationships and those in need of a spring clear, a healing balm or perhaps an extreme makeover.
- **Discover** the self assessment techniques that reveal pathways for change and renewal.
- **Experience** nature's mind-body medicines and the healing they bring to your life path.
- **Learn** how to help others more effectively through a greater understanding of human nature and nature's healing solutions.

Diagnostic Keys to the Subconscious is a short course ideal for:

- Students seeking Government Accredited Qualifications in Holistic Counselling and Mind-Body Medicine.
- Individuals seeking to deepen their understanding of relationship dynamics in the home, workplace and social arena.
